PRICES GO UP IF

BROOKLYN WIN SPENNANT

President Ebbets Will Increase Admission to World's Series—National Commission Authorizes Teams to Print Tickets.

New York, Sept. 21.—The cost of witnessing world's series baseball will go up if Brooklyn wins the National League title, it was indicated here today by Charles H. Ebbets, president of the Brooklyn club.

The National Commission having authorized the three contenders in both the National and American leagues to prepare world's series tickets and arrange prices, the admission fee announced by Mr. Ebbets disclosed a speculative advance in the price of the seats, for some of the seats, of 50 per cent over the prices which prevailed for last year's championship games in Boston. Box seats will remain the same at \$5, but many of the reserved seats behind the boxes will sell for \$3 instead of \$2, and prices of reserved bleacher seats will jump from fifty cents to \$1 and \$2.

Pirates Get Carlson by Draft.

Pittsburgh, Pa., Sept. 21.—The Pittsburgh National league club announced today that pitcher Harold Carlson had been obtained by draft from the team at Rockford, Ill. The Chicago Nationals had first choice upon the Rockford club, but cancelled their claim.

Are These Shells Waterproof?

Place a Black Shell in a glass of water. Take it out, dry it thoroughly and it is as good as ever—chambers perfectly, and true as it had never been wet.

US BLACK SHELLS

Smoker's and Black Powder.

That's just one test of the Black Shell quality. We will give you a book that describes 3 tests.

These 3 tests tell everything you want to know about a shot shell. Ask us for a copy of the booklet, "How To Test Shells."

PLANNING FOR WORLD'S SERIES **National Commission Grants Leading Clubs in Each League** **Permission to Print Tickets—Red Sox Crimp Detroit's** **Chances Still Further—Giants Continue Their Winning** **Streak.**

Boston, Sept. 21.—World series games in this city, if the Boston Americans again win the right to represent their league in the post-season tests, probably will be played at Braves Field, the local home of the National League, with seat prices the same as those of last year. Business Manager T. W. Lannin made this announcement today after the victory of the Red Sox over Detroit had increased the probability of Boston's retaining the American League championship.

The fact that final determination of the pennant race probably would not be made until a few days before the season closes might result in some change in the plans for the series, he said. As now planned, the tickets will be on sale at the club's offices a few days before the series opens. Mail orders, Manager Lannin said, would have no standing.

Prices for the series were fixed by the National Commission today in a telegram authorizing the Boston club to proceed with arrangements for printing tickets. Box seat prices were set at \$5 each, grandstand seats at \$3 and pavilion seats at \$2. All these will be reserved and are to be sold only for the entire series in each city. General admissions will be one dollar and will be available only on the day of the game.

Should both Boston teams win in their respective leagues, Business Manager Lannin said the games would alternate between the two parks. The National League grounds will seat approximately 45,000 people, while 35,000 is the capacity of Fenway Park, the American League quarters.

Chicago, Sept. 21.—Results today practically assure baseball fans that the world's championship series will be fought out this fall between the

FINANCIAL AND COMMERCIAL

MARKET UNSETTLED BUT ACTIVE

Aggressive Speculative Faction Failed to Depress Prices.

New York, Sept. 21.—The striking feature of today's session, in which sales ran well over a million shares for the thirteenth consecutive full day, was the futile efforts of an aggressive speculative faction to depress prices. Initial quotations were mainly higher, reflecting for last year's championship games in Boston. Box seats will remain the same at \$5, but many of the reserved seats behind the boxes will sell for \$3 instead of \$2, and prices of reserved bleacher seats will jump from fifty cents to \$1 and \$2.

Pirates Get Carlson by Draft.

Pittsburgh, Pa., Sept. 21.—The Pittsburgh National league club announced today that pitcher Harold Carlson had been obtained by draft from the team at Rockford, Ill. The Chicago Nationals had first choice upon the Rockford club, but cancelled their claim.

United States Steel Lifted the List

to the day's highest level in the final hour, the advance in the price of the stock, 109 7/8, passing its previous top by almost a point. Ralls and other investments moved up to over 100 points, gains being effected almost wholly at the expense of the short interest, which surrendered such prospective profits as it had.

Many minor issues, such as leather, sugar, Mexican and American securities, participated more or less generally in the recovery, with shipping stocks and motors. A conspicuous exception was General Motors, which fell 65 points to 880, that decline, however, hardly offsetting its recent advance of about 175 points. Total sales were 1,355,000 shares.

Francis and marks were slightly firmer, with other foreign remittances unaltered. Metal gold was unchanged to be on the way from England and French credit negotiations were continued.

Bonds were strong, with an increased demand for investments. Total sales, per value, were \$3,970,000.
